

LOCKMASTERS SECURITY INSTITUTE

Educating Security Professionals Since 1955.

2024 STUDENT HANDBOOK

SAFE TECHNICIANS

LOCKSMITHING

GSA INSPECTOR & TECHNICIAN

Lockmasters Security Institute is approved by Kentucky State Approving Agency for Veterans Education (SAA) to offer VA Educational Benefits (GI Bill®) to eligible individuals enrolled in approved programs.

Consumer's Right of Cancellation

You may cancel this contract without penalty or obligation within 10 business days from the date you signed this contract.

You may also cancel this contract if, upon a doctor's order, you cannot physically receive the services, or you may cancel the contract if the services cease to be offered as stated in the contract. If you cancel this contract for either of these reasons, the seller, Lockmasters Security Institute, may keep only a portion of the tuition or contract price.

You may notify the seller of your intent to cancel by notice to Lockmasters Security Institute, 2101 John C Watts Drive, Nicholasville, KY 40356 or education@lockmasters.com.

This contract or note is for future consumer services and puts all assignees on notice of the consumer's right to cancel under Kentucky fair trade practice rules.

Refund Policies

If LSI receives verbal notice of cancellation 10 business days from the class start date, LSI will issue a full refund.

If LSI receives verbal notice of cancellation less than 10 business days prior to class start date the student will be charged full tuition and can re-schedule for a future date, based on availability.

If an applicant is not accepted into LSI's training program, LSI will issue a full refund.

LSI reserves the right to cancel a class due to insufficient enrollment. You will be notified and a full refund will be issued.

If an applicant does not show for the start of a class, full tuition will be forfeited.

In the event a student cannot complete the training, the tuition credit will be determined by the school.

Release and Limitations of Liability

By participating in the LSI education program enrollees (i.e. students) agree to release and hold harmless Lockmasters Security Institute, Lockmasters, Inc, and their officers, directors and employees from and against any claim or cause of action arising out of participation in the program, including property damage, personal injury or death. Each participant further agrees that in any cause of action, the Lockmasters' liability will be limited to the cost of participating in the program, and in no event shall Lockmasters and its parties be liable for attorneys' fees, punitive, consequential, direct or indirect damages and each participant waives the right to claim any damages whatsoever.

School Calendar and Holidays

LSI courses meet Monday – Friday 8:00 am – 4:30 pm. Registration on the first day of class is 8:00 am – 8:30 am.

Lockmasters observes the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and the day after, Christmas Eve and Christmas Day.

VA Refund Policy

A veteran paying in advance to enroll in a class will be fully reimbursed the cost of the class should the veteran not attend. A veteran completing a portion of the class is entitled to a pro-rata refund. The pro-rata refund formula is based on the total length (number of days) of the class, the number of days completed by the veteran, and the number of days remaining in the class. The veteran will receive a refund based on the number of remaining days in the class divided by the total number of days for the class.

**GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA).*

Student Academic Responsibilities

Entrance Requirements

First time students are required to submit an application and must pass a background check prior to being accepted in to classes at Lockmasters Security Institute.

Admission Requirements for Transfer Students

Transfer students will be required to submit an application, pass a background check and provide an official transcript of all previous college work.

Students must submit all transcripts of prior education and training to Lockmasters Security Institute. LSI will review prior education and training and award appropriate credit that will shorten the length of training.

Progress Standards

Satisfactory Progress

All students are expected to maintain progress toward completion of prescribed competencies. Evaluation of the quality of student performance shall include all class grades, laboratory work, related technical progress and any clinical or supervised work experience.

Each course required by a program must be completed with 2.0 (C) or higher grade point average.

Unsatisfactory Progress and Re-entrance

A student will be dismissed for unsatisfactory progress for a minimum of 6 weeks. Counseling is available as needed.

In the event a student does not maintain a 2.0 or higher grade point average he/she will not be awarded college credit for the class. The student will be required to re-enroll, after a 6 week suspension, in the class if desiring credit towards a college certificate. The student will be required to bring the reference manual and toolkit back with them to class, if applicable.

Grading Scale

The grading system uses a series of letters, to which are assigned grade-point values. The system is based neither on an absolute numerical system nor on a distribution curve, but on the following descriptions.

Grade A – 90 – 100%	(4.0)
Grade B – 80 – 89%	(3.0)
Grade C – 70 – 79%	(2.0)
Grade D – 60 – 69%	(1.0)
Grade E – 59%	(0.0)

Grade Point Average

Grade Point Average (GPA) – the grade point average is the ration of the total grade points earned to the total credit hours attempted. Total grade points are derived by multiplying the number of credit hours for the course by the number of grade points assigned to the grade earned; A=4; B=3; C=2; D=1; E=0.

Graduation Requirements

The primary purpose and features of certificate programs of study are to provide marketable, entry-level skills for a time period less than that required for diploma or associate degree programs. Certificates are organized programs of study consisting of courses designed to meet a defined set of competencies. Certificates qualify students to take external licensure, vendor-based, or skill standards examinations in the field. If standardized external exams are not available in the field of study, certificates prepare students at skill levels expected of employees in an occupation found in the local economy.

For a certificate or diploma, student must complete the course of study and complete a passing exam for each course.

Attendance Policy

Attendance is vitally important and is an integral part of the occupational preparation process. Students are expected to be punctual and attend all class hours. Absences from class prohibit students from obtaining pertinent instruction and information necessary to master course objectives. Students who miss two (2) consecutive hours, without notification to a school official, may be withdrawn from the class, at the instructor's discretion.

In the event of missed hours or tardiness, it is the student's responsibility to initiate the request to make up class work missed. If the student fails to make up work this could lower the grade point average or cause the student to fail the course.

Tardy Policy

Students are expected to attend all regularly scheduled classes. Students must be present and on time for all class sessions. Students who are not present and on time will be marked as TARDY. All tardiness will be calculated by minutes of class time lost and course work must be made up under the supervision of the instructor before or after regularly scheduled class time.

Leave of Absence

If a student is required to leave, due to illness, death in the family, natural disaster or work related they are permitted to re-schedule the remainder of the class at their convenience, based on availability in the class. They will be required to bring the reference manual and toolkit back with them to class, if applicable.

Change of Address

Students are responsible for notifying LSI of any changes in postal or email addresses.

Release of Student Record Information

Transcripts will be released at the written request of the student via mail, fax or electronic mail. A LSI transcript will be mailed to the student within 4 business days.

Student Academic Responsibilities

All student records are kept under lock and in confidence at LSI with access to these records being available only to the appropriate employees.

Student Responsibility

Students have the responsibility to provide full and accurate information necessary for the maintenance of valid academic records. Submissions of false information, failure to submit information, or alteration of official records are irresponsible acts. Students are obligated to respect the confidentiality of the records of their peers.

Student Conduct

Students attending LSI are expected to conduct themselves appropriately when they are representing the school and at all school related functions, both on and off campus. Students are to adhere to basic accepted standards of conduct including courtesy towards others, respect for the rights and property of others; orderly behavior and compliance with all school and program policies.

At the discretion of administration, a student may be dismissed from school for being in an intoxicated or drugged state, possession of drugs or alcohol upon school premises, possession of weapons on school premises, behavior creating a safety hazard to the persons at the school, disobedient or disrespectful behavior to another student, an administrator or faculty members.

Any student who harms or threatens to harm another student, faculty or any other person (s) within the faculty may be immediately dismissed from the school.

Observance of the rules and regulations and maintenance of a professional manner are required at all times. Unruly conduct or any conduct that interferes with the progress of other students and the operation of the school is cause for dismissal.

Student Parking

Students are to park ONLY in the areas designated as student parking.

Vehicles parked in marked fire lanes will be cited and/or towed at the owner's expense.

Vehicles parked in handicapped spaces must have the proper handicapped permits. Those without proper permits will be cited and/or towed at owner's expense.

Information Systems Security and Appropriate Use Policy

Lockmasters Security Institute information systems and equipment (including email, computer data, hardware and software, telephones, fax machines and any other means of communication or information storage) are assets of LSI and shall be protected from unauthorized access, disclosure, destruction, modification or loss, whether accidental or intentional. Students are authorized to use designated computers to complete class work and check e-mail.

Drug-Free Policy

LSI is committed to providing a safe environment for students, faculty and staff. LSI has adopted the following drug-free policy:

Being under the influence of alcohol or other drugs or the use, possession, distribution, manufacture, or sale of illegal or unauthorized drugs is prohibited on LSI property.

Smoking Policy

There shall be no smoking, including e-cigs, within any indoor facility. Receptacles for extinguished smoking materials are in designated areas. Cooperation in observing this policy is appreciated.

Weapons Policy

Possession or use of firearms, explosives, dangerous chemicals, substances, instruments, or other weapons that can be used to inflict bodily harm on any individual, or damage upon a building or grounds of the school, or at school functions, is prohibited on school property.

Veteran Student Addendum

This catalog addendum applies to those students receiving U.S. Department of Veterans Affairs (VA) education benefits payments (GI Bill®) while attending Lockmaster's Security Institute. Please acknowledge by your signature below that you have read and understand the information in this addendum and have received, read and understand the school's policies, rules and regulations.

Conduct Policy: Students must conduct themselves in a respectable manner at all times. Disruptive or inappropriate behavior, as explained in the school's rules of conduct, or as deemed unsatisfactory or inappropriate conduct by school officials, will result in termination of VA education benefits, and possible dismissal from Lockmaster's Security Institute. Readmittance after conduct dismissal will be at the discretion of the school Director/Owner.

Academic Progress Policy: The academic progress of students receiving VA education benefits is evaluated monthly at the end of the month. VA students must maintain a 75% or greater cumulative grade point average on tests, written and practical exams, and satisfactory and timely completion of all assignments, reports, projects, etc. Failure to meet these criteria will result in being placed on academic probation for one month. If satisfactory progress is not regained by the end of the academic probation period, VA education benefits will be terminated and the student will be subject to dismissal from school. Certification to VA for payment will not be resumed until satisfactory progress is regained. Readmittance after dismissal for academic reasons requires approval of the school Director/Owner.

Veteran Student Addendum continued

Attendance Policy: Students are expected to attend all classes. The attendance of students receiving VA education benefits is evaluated monthly at the end of the month. If circumstances prevent attendance at a particular class, prior notification is expected. If attendance falls below 80%, the student will be placed on attendance probation for one month. If the student has not returned to satisfactory attendance at the end of the one month attendance probation period, VA education benefits will be terminated and the student will be subject to dismissal from school. Certification to VA for payment will not be resumed until satisfactory attendance is regained. Students whose absences result from authorized mitigating circumstances, as determined by the school Director/Owner, will not be terminated. Readmittance after dismissal for violating attendance standards requires approval of the school Director/Owner.

Conditions of re-entrance for those students dismissed for unsatisfactory progress:

A student whose training is interrupted due to unsatisfactory progress who wishes to re-enter, may do such after 30 days. At this time, the student will receive individual counseling from the school Director to determine if the cause of unsatisfactory progress has been removed and to see if the student is still suitable in his or her aptitudes, interest and abilities. The Director will then make a decision regarding the student's re-entry to the school.

After the student re-enters, he or she will be evaluated after a 30-day probation period to determine if they are making satisfactory progress (75% grade point average).

Prior Credit Policy: Per Title 38, Code of Federal Regulations (38 CFR), Section 21.4254 (b)(12), previous training and experience will be considered, and granted if appropriate, for veterans and other eligible students. Veterans must submit a copy of their DD Form 214, military transcripts, and all students must request that transcripts from all previous postsecondary schools attended be forwarded to Lockmaster's Security Institute for review.

Pro-Rata Refund Policy for Veterans and other Eligible Students: Per CFR 21.4254 (b)(9), Lockmaster's Security Institute has a pro-rata refund policy for the refund of the unused portion of tuition, fees (if applicable) and other charges in the event the veteran or eligible person fails to enter the course or withdraws or is discontinued therefrom at any time prior to completion.

Reporting Tuition and Fees:

School's Application and/or registration fees that also includes Test and/or Licensure fees cannot be certified to the VA.

A detailed description of tuition and fees charged must be provided in the school's catalog, student handbook, and student's enrollment agreement.

Certifying tuition and fees: According to the School Certifying Official Handbook 5th Edition; "Tuition is the actual established charges for tuition the student is required to pay. Tuition is defined in the school's catalog or supplement and listed as tuition on the school's billing statement or invoice. Fees are mandatory charges (other than tuition, room, and board)." Tool Kit & Supply Cost can only be certified if purchased directly through the school and appears on the school's billing statement or invoice. If options to purchase the tool kit/supplies from an outside source, then the school cannot certify the fee to the VA.

Full-time Requirements for VA Educational Benefits: Non-College Degree (NCD) schools are measured in clock hours. Benefits are paid based on the clock hours of attendance per week as stated in the school's catalog, student handbook, and/or student enrollment agreement. If clock hours per week vary and the benefit amount is affected, the variance must be reported for calendar weeks, Sunday through Saturday, between the beginning and ending dates. Please see the chart below that provides further explanation for Training time requirements for VA Education benefits.

IMPORTANT NOTICE: Students whose VA education benefits are terminated for violating academic progress or attendance standards may experience a negative impact to their VA education benefits that could result in SIGNIFICANT DEBTS owed to the VA.

Lockmaster's Security Institute does not use erroneous, deceptive, or misleading practices with our veteran or non-veteran students.

A copy of the signed addenda must be provided to the student and a copy maintained in the school's files.

Student Protection Fund

Filing a Complaint with the Kentucky Commission on Proprietary Education

To file a complaint with the Kentucky Commission on Proprietary Education, a complaint shall be in writing and shall be filed on Form PE-24, Form to File a Complaint, accompanied, if applicable, by Form PE-25, Authorization for Release of Student Records. The form may be mailed to the following address: Kentucky Commission on Proprietary Education, 300 Sower Boulevard, Frankfort, Kentucky 40601. The forms can be found on the website at www.kcpe.ky.gov.

Process for Filing a Claim Against the Kentucky Student Protection Fund

To file a claim against the Kentucky Student Protection Fund, each person must submit a signed and completed Form for Claims Against the Student Protection Fund, Form PE-38, and provide the requested information to the following address: Kentucky Commission on Proprietary Education, 300 Sower Boulevard, Frankfort, KY 40601. The form can be found on the website at www.kcpe.ky.gov.

Existence of the Kentucky Student Protection Fund

Pursuant to KRS 165A.450 All licensed schools, resident and nonresident, shall be required to contribute to a student protection fund. The fund shall be used to reimburse eligible Kentucky students, to pay off debts, including refunds to students enrolled or on leave of absence by not being enrolled for one (1) academic year or less from the school at the time of the closing, incurred due to the closing of a school, discontinuance of a program, loss of license, or loss of accreditation by a school or program.

Access Control Certification

This course provides the basic knowledge of multiple access control platforms, such as standalone, distributed processing and host. You will learn the basic concepts, technologies and definitions used in the industry. By the end of the first week you will understand the hardware associated with the installation of an access control system, as well as, basic electricity. With practical exercise we will explore the beginning stages of building a system.

The hands-on portion of the class, taught in a real world lab, will provide the student with the necessary skills to become a technician. The students will complete a site survey of their door, install hardware, wire, troubleshoot and program multiple access control systems. By the end of the course, the student will have installed a complete system.

COURSE OVERVIEW

There's a basic overview of standalone access control hardware (Schlage CO-100, Alarm Lock T-2) installation, program for single door systems; single door wired systems (Keri Intelli-Prox, Altronix Boards, IEI Door-Gard) as well as multi-door wired system (Keri NXT-2 door with Mercury).

Time is spent with basic demos of mechanical hardware, electrified hardware (hinges, locks, exit devices, electric strikes, keypads, scanners. We pivot to discussing AC and DC circuits, relays, switches, etc. and have the class start wiring up a basic application with batteries, power supplies - using locks, mags or strikes. We review tools required in the field, the wire you pull based on the building and code compliance.

You will spend time in the door lab pulling wire from your power supplies to the door to install mag locks, keypads, electric strikes. You are instructed how to properly prep the doors in the field for raceways. They can choose to run concealed connections or surface applied connections.

We review authentication formats - HID, Mifare, Smart Card, Weigand, RFID, Ekeys, and simple prox systems. We are learning concepts or a general overview of stand-alone vs online/offline access control systems.

COURSE TOPICS

- Define types of access control systems
- Overview of hardware and components associated with access control
- Understand basic electricity and circuits
- Define types of reader technologies
- Identify tools used in the trade
- Design and install an access control system
- Hands-on installation experience with hardware, running wire, troubleshooting
- Program time schedules and users into multiple access systems
- Overview of fire & life safety and accessibility codes

COURSE BENEFITS: LSI Diploma

COURSE LENGTH - 10 Days

Scan with camera phone to open

Program Length - Full Time/70 Hours

Program Tuition - \$2,830.00

Tool Kit Fee - \$170.00

One Time Student Enrollment Fee - \$100

Prerequisites: Some basic electrical knowledge is preferred but not required.

Program Includes

Course Manual and ACT Tool Kit, which must be purchased at LSI

Required Tool Kit

Tool bag	6" diagonal pliers
Pencil/Pen/Ruler	Multimeter
Notepad/Name Card/Sharpie	Pocket screwdriver
Water Bottle	Wood door & strike blocks
Safety Glasses	Discovery electronics kit
Ice Pick	AA Batteries
Screwdriver

With over 380,000 GSA containers in use today, this is an ideal course for United States military, government and commercial locksmiths. In this course you will learn all the skills required to service, maintain, inspect and certify GSA approved security containers.

This comprehensive course gives you hands-on instruction on the approved methods of servicing, installing, diagnosing, troubleshooting, repairing and certifying GSA Locks, Vaults and Containers. You will also learn the proper means to perform forced entry into GSA Containers. As one of the only schools authorized to teach this course, Lockmasters has the most extensive collection of containers available. Our course and materials are authorized by the GSA and IACSE committee. The objective of the GSA program is to establish standards of training, and to certify those students who meet those standards.

Please Note: This course does not cover FF-L-2740B lock drilling or FF-L-2890C lock installation. We offer the following courses: GSA II: FF-L-2740B Lock Drilling and LKM10K Lock Certification.

COURSE TOPICS

- Security Information Program Specifications, Policy & Guidance: Federal, Military, DOE, NISPOM and DoD
- Mechanical combination lock: servicing, combination changing on S&G 2937
- Extensive, hands-on diagnostics and troubleshooting of mechanical and electromechanical combination locks
- GSA Approved Security Containers: operation, service, diagnostics and maintenance of file cabinets, map & plan containers, weapons containers and vault doors
- Drilling of both Black and Red Label security containers & more
- Inspection procedures and specification updates
- Kaba Mas X-10 Factory Certification and S&G 2740B Certification
- Overview of Kaba Mas X-07, 08 & 09

COURSE BENEFITS: LSI Diploma

COURSE LENGTH - 10 Days*

TUITION - \$2,900.00

One Time Student Enrollment Fee - \$100

* Due to the nature of this class any missed time or days or extensive tardiness can affect your ability to finish the course.

Required Tool Kit

5/16" Fold up allen wrench set
6" diagonal pliers
X0 service screwdriver
6" needle nose pliers
Music wire
Plastic mallet

Spanner wrench
Change key set
#2 Phillips screwdriver
Pocket screwdriver
Mini Maglite

Locksmith Certification

You don't need any experience or formal locksmith training to take this hands-on course. It is perfect for any age individual who wants to either begin a career or start a new career. We offer a number of complementary courses to continually grow your skill set from Pro Lock 2 to Access Control. We have the training you need to succeed in the locksmith industry.

This course will provide you with the skills necessary to become a competent technician who can service, install, troubleshoot and masterkey commercial, industrial and residential key lock systems. These include proper woodworking techniques for non-destructive core drilling and mortising. You will also learn by-pass techniques used by professionals to defeat many key lock systems. These techniques include: lock picking, lock impressioning, lock bumping and tool specific lock by-pass.

COURSE TOPICS

- Lock terminology
- Identify keys by manufacturer, design and type
- Rekey pin tumbler locks
- Service and maintenance of pin tumbler locking systems
- Door preparation and lock installation
- Hand file keys to known depth and space
- Use and calibration of key duplicating and code key machines
- Employment of several lock by-pass techniques to include:
 - Picking, Impressioning and Bumping
- Masterkey system creation and implementation
- Install and service cam locks for file cabinets, desks, lockers & cabinets
- Interchangeable (I/C) cores: Best and Arrow
- High security locks: Schlage Primus with Medeco Overview
- Overview Panic bars and fire exit devices
- Kaba Simplex 1000 Series mechanical push button lock
- ABUS 83 Series - Rekeyable Padlocks

Program Length - Full Time/70 Hours

Program Tuition - \$2,535.00

Tool Kit Fee - \$465.00

One Time Student Enrollment Fee - \$100

Prerequisites: None

Program Includes

Locksmith and ProLock Tool Kit, which must be purchased at LSI

Program Certifications

ABUS 84 Series Certification
 dormakaba Simplex Certification
 Simplex 1000 Certification

COURSE BENEFITS: LSI Diploma

COURSE CERTIFICATIONS: ABUS 83 Series & Schlage Primus

COURSE LENGTH - 10 Days

Scan with camera phone to open

Required Tool Kit

Tool bag	Schlage spanner wrench	6" Needle nose pliers	Formed end tweezer
Pencil/Pen/Ruler	Shims	#2 File handle	9-piece pick set
Notepad/Name Card/Sharpie	Kwikset cylinder removing tool	Plastic mallet	Pocket screwdriver
Water Bottle	Wafer key pick	Weiser lock shim	I/C Core pinning kit
Safety Glasses	Screwdriver	Hollow plug follower set	.003 pinning kit
Ice Pick	5" Impressioning pliers	Pinning tray

Commercial Safe Technician Certification

This program will give you a solid foundation to becoming a commercial safe technician. The program covers both electronic and mechanical safe locks. You will learn hands-on, how to install, dial, open, change the combinations and troubleshoot UL Group I, Group II and many electronic combination locks. You will also learn how to open a safe by sight, sound and feel, known as manipulation and by drilling, using several different methods. In addition, this program covers how to dis-assemble and assemble, open, and diagnose and repair safe deposit locks.

COURSE TOPICS

- What makes manipulation possible
- Manufacturing tolerances
- Manipulation aids
- Contact points & taking readings
- Working with graph & true center graphs
- Third wheel fly interference
- Manipulation of a variety of combination locks
- Advanced manipulation techniques
- Straight tail piece locks
- Sentry Safes (if time allows)

MECHANICAL LOCK COURSE TOPICS

- Terminology & Nomenclature
- How a combination lock functions - wheel design, relocking triggers and devices
- Introduction to the principles of manipulation
- Diagnostics & servicing
- Locks covered: LaGard 3330, SG 6730, SG 8100, 8400, 8500, Big Red 3 wheel, Mosler 302 & 402, Diebold 177 and LaGard 2270

ELECTRONIC LOCK COURSE TOPICS

- Terminology
- Basic features & functions
- Lock body styles
- Diagnostics
- Locks covered: LaGard 700 series, Securam SafeLogic Basic, AMSEC ESL10, and S&G 6120*
(*Time permitting)

Safe Lock Opening Course Topics

- Combination lock orientation, identification and specifics
- Establishment of safe type, construction & bolt work configuration
- Hardplate and material types
- Drill point determination & penetration of various hardplate materials
- Service & correctly repair drilled safes
- Non-drill methods for opening electronic safe locks include:
LaGard 33E, LG Basic II, S&G 6120, and more (time permitting)

Safe Deposit Lock Course Topics

- Lock terminology
- Lock Identification
- Re-keying
- Introduction to force entry
- Picking
- Cutting keys by code & duplication

Program Length - Full Time/70 Hours

Program Tuition - \$3,955.00

Tool Kit Fee - \$350.00

One Time Student Enrollment Fee - \$100

Prerequisites: None

Program Includes

Locksmith manual Tool Kit, which must be purchased at LSI

Required Tool Kit

Introduction

ABOUT US

Since 1955, our founders, the Miller family have shaped the face of the security industry.

Their legacy is built on four generations of leadership, innovation, discovery, and continuing education. Through the diligence of John C. Miller, the inventiveness of Harry Miller, the vision of Clay Miller and the imagination of Mark Miller, they have empowered an entire industry to realize what is possible and forever changing the way we think of physical security. Their legacy lives on in the principles we still maintain today.

For over sixty years, Lockmasters has paved the way for students to embrace opportunities that lead to an in-demand career. Whether choosing the path of a commercial locksmith, safe technician, access control integrator or GSA technician, our courses offer the security professional a curriculum that builds confidence through experience.

Our main training facility in Nicholasville, Kentucky is a 26,000 square foot training complex offers modern classrooms where expert instructors teach more than just knowledge— they teach the know how required to help you start building your legacy, just as the Millers built theirs.

As a graduate of an LSI course you will join over 30,000 alumni that have been trained by Lockmasters.

Lockmasters was founded on education, and it continues to be the cornerstone of our diverse organization.

OUR INSTRUCTORS

Our instructors have practical, real world experience, which is essential in teaching our “hands-on” courses. They are authors, inventors and award winning instructors that have trained LSI students worldwide. See our instructor bios at www.lsieducation.com

OUR FACILITY

Headquarters, Kentucky - **The Mark C. Miller Training Center**

We are extremely proud of our headquarter facility in the small town of Nicholasville, Kentucky, just outside of the horse, bourbon and basketball capital of the world, Lexington. The Mark C. Miller Center is a short drive from the Bluegrass Airport and offers three well equipped and comfortable classrooms & labs. We believe it is the ideal environment for learning and networking with students from a variety of locations and industries.
